

iBar™ Personal Web Assistant

Using the eCode iBar, the information that you can share with visitors is only limited by your imagination. For example, you may have a password protected site that you want to share with your customers or employees. With a Branded iBar you can have links set up that take you to any of these destinations with one-click!

- price lists
- phone numbers
- contacts
- employee benefits
- graphics
- spreadsheets
- brochures and datasheets
- and so much more...

Access Web-based email with one click

Password protect your favorites and access them with one click
